

Note Taking Software for Primary Care Doctors

Software Demo

Milestone 2- Next Steps

◆ Sprint 2: Core Note-Taking Features

Goal: Users can record and manage notes.

User Tasks: Corey 1-5, Lawrence & Renze 1-4

1. As a **physician**, I want to create a new note during patient visits so that I can record symptoms.
2. As a **physician**, I want to edit a note so that I can update patient details if needed.
3. As a **physician**, I want to search past notes so that I can quickly review patient history.
4. As a **physician**, I want to delete notes so that I can remove mistakes or old information.
5. As a **developer**, I want to implement a note taking code test.

◆ Sprint 3: Drug Reference Database Integration

Goal: Provide treatment suggestions alongside notes.

User Tasks: Corey 1-3

1. As a **physician**, I want to see a list of recommended generic drugs for common symptoms so that I can make informed treatment choices.
2. As a **physician**, I want drug information to auto-suggest when entering symptoms so that I save time.
3. As a **physician**, I want links to dosage guidelines so that I can confirm prescriptions quickly.

◆ **Sprint 4: Advanced Features**

Goal: Make the app more powerful and user-friendly.

User Tasks: Corey 1-4

1. As a **physician**, I want to generate a summary of patient visits so that I can share it with patients.
2. As a **physician**, I want to tag notes with conditions (e.g., “allergy,” “diabetes”) so that I can filter them later.
3. As a **physician**, I want to export notes to PDF so that I can attach them to medical records.
4. As a **developer** I add voice activation to the note entries.

◆ **Sprint 5: Deployment & Feedback**

Goal: Deliver to real users and gather feedback.

User Tasks: Corey 2 Larry 1 Larry and Corey 3, Renze 2 & 3

1. As a **developer**, I want to deploy the app to a cloud service so that it's available to users.
2. As a **physician**, I want to provide feedback on usability so that the team can improve the product.
3. As a **team**, I want a retrospective meeting so that we can reflect on what worked well and what didn't.
